

4/10/2009

Greetings,

Hope you have all had a great ski season and are gearing up for spring and summer. There may still be some great turns left as we had a ton of snow recently so get those last couple days in.

Thanks for your interest and participation in our Speed Camp. This year camp will be run through CSRT so all of our insurance needs are met. Special thanks to Karen McCadam and the CSRT crew for allowing us to host this great camp. The coach's will be myself, Karin Harjo, and Seth McCadam. Seth is one of the USST women's world cup coaches and we are very happy to have his expertise this year!

Please plan on being in Government Camp at The Huckelberry Inn by 5:00pm on Sat June 13. We will be lodging and eating at Hucks. Rooming is dorm style in bunk beds with several athletes per room.

We will ski June 14th through the 19th and finish up around 1:00 that Friday. Please plan on picking your athletes up at that time

The cost for the camp is \$1250. That includes lifts, lodging, lane space, terrain construction, meals, transportation, salt, coaching, and dry lands. You may want to send a little spending money with your kids so they can get treats or incidentals while in Govy.

Please bring Super G and GS skis, all your training gear, back protectors and mouth guards. Although it is summer it can still be cold and inclement so please be prepared. Also bring athletic gear for the afternoon activities, clothing to chill out in, and a note book to keep a camp journal. The demo centers do not tend to have a stock of SG skis so please do not plan on demo product. Boots and GS skis should be no problem to demo

Please send a \$500 deposit by May 1st to secure your spot. Please understand that this is non refundable unless your athlete is sick or injured prior to camp and cannot attend. Also attached to this note are 3 release forms. Please send them in as well. Final payments will be due June 1st

Please make checks out to CSRT and send to Roger Taggart 2847 Montello Ct. Hood River Or 97031

Please call or email me with any questions
